

Brian Mudge - F.P.G.A Professional

Brian has now opened his state of the art Golf Studio. Please visit www.brianmudgeggca.com for more information for to make a booking. Message from our pro -

35 years a golf professional. Have worked at 3 high profile and successful golf clubs. Captain of the Northamptonshire PGA 1988-90 and Chairman 1990-2000. Midland regional PGA captain 1997-98. Sat on the Regional committees as well as the PGA National Trade Committee responsible for setting up several initiatives that are still succeeding today. Goal is to develop a successful and model golf club that has excellent practice facilities to help junior golf and golf skills development in general. The future of golf is very dependent on it.

Specialties: A style of coaching which is my own but inspired by other great golf teachers and coaches. It revolves simply around what I term The 3 R's and is built into most of the golf lessons. It is designed to help golf stay fun whilst learning to improve all aspects of the game. Junior coaching is a particular skill I have developed and as a result has shown increase in the pupils enthusiasm and improvement. Developing the individual and improving their lives through their golf is very important.
